Drawings

The drawings are objected for following reasons.

The drawings must show every feature of the invention specified in the claims (see 37 CFR 1.83a). The claimed light reflecting layer (claim 4) must be either shown in the drawings or cancelled from the claim. No new matter should be entered.

Reference sign 16 (5th paragraph of page 11) is not included in the drawings (see 37 CFR § 1.84p). Correction is required.

Applicant is required to submit a proposed drawing correction, showing changes in red ink, in response to this Office action. However, formal correction of the noted defect(s) can be deferred until the application is allowed by the examiner (see MPEP 608.02v).

This application is in condition for allowance except for the above pointed out matters.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

Claims 1-12 are allowed. Claims 1-12 are allowable since prior art of record does not teach the claimed waterproof layer between an electrode section and an EL light emitting layer and a top coating layer comprising additive containing dielectric with combination of other features of claim 1 (please see claim 1).

Claims 2-12 are dependent on allowable independent claim 1.

Art Unit: 2879
